NOTES FROM THE BOARD

We're Making Improvements -

Getting our ducks in a row!

- **Worthy Lamb Water Drainage Culvert:** The new culvert at the end of Worthy Lamb has been completed! Take a moment to check it out.
- **Join Our Community Improvement Committee:** We're looking for new members to help coordinate community enhancements. Have ideas you'd like to share or bring to life? Want to be part of the solution? Reach out to Gene Snyder at 813-362-7016.
- **Pothole Repairs:** If you've noticed potholes—especially after this summer's rain—please know that your HOA is actively addressing these for repair.

In the coming months, we'll be making repairs on the south side of the community to comply with Southwest Florida Management District requirements related to stormwater runoff and ponds. This will include filling in eroded areas and managing overgrown vegetation around some ponds.

2025 Budget Planning: Get Involved!

As we prepare the budget for 2025, we're aiming to keep our annual assessments as low as possible. Join us for the October Board of Directors meetings to be part of the discussion and share your input. Your participation makes a difference! - **October 16, 2024 4pm at Parkland Real Estate Services 9851 State Road 54.**

Hurricane Cleanup

We hope everyone came through the storm unscathed. To aid in cleanup, the West Pasco Resource Recovery Center, 14606 Hays Rd, Spring Hill, will accept hurricane-related debris at no charge. This is for residents of Pasco County only.

You may also put your residential (not commercial) hurricane debris at curbside for regular pickup, although hurricane debris may not be picked up immediately. Please separate yard debris, home debris, and household garbage, and do not put storm debris in bags.

More information is available at 727-847-2411 or at [Pasco County Storm-Related Debris Removal \(pascocountyfl.net\)](http://Pasco County Storm-Related Debris Removal (pascocountyfl.net)).
